DIY MACRAME KEYCHAINS

Make these fun macrame keychains for yourself or a friend. You can clip them to your backpack or purse, or wherever you want, to add personality and cuteness. They’re easy and quick crafts, and only require four simple supplies.
SUPPLIES:

1. 192 INCHES OF 4MM STRING—ANY COLOR
   - six at 24 inches
   - one at 48 inches

2. CLASP
3. SCISSORS
4. SUPER STICKY TAPE

©2023 FOCUS ON THE FAMILY
DIRECTIONS: Cut six strings 24 inches long. Cut one string 48 inches long.

1. Tape clasp to a hard, flat surface.
2. Evenly thread six 24-inch strings through the clasp.
3. Place over left arm.
4. Thread the left and right arms through the loop.
5. Center 48-inch string evenly behind threaded strings.
6. Fold left arm over the top of threaded strings.
7. Fold right arm over the left arm.
8. Make a loop of one threaded string so the end of it sticks up.
9. Make one knot over the loop so the loose end sticks up.
10. Make two additional knots over the loop.
11. Clip the loose end.
12. Tuck right arm under left arm and under threaded strings.
13. Place over left arm.
14. Place right arm over the left arm.
15. Fold left arm over the top of threaded strings.
16. Evenly thread six 24-inch strings through the clasp.
17. Center 48-inch string evenly behind threaded strings.
18. Gently pull both arms to tighten the knot at the top of the clasp.
19. Repeat knot until you reach desired length.
20. Place the right arm over the left arm.
21. Pull the loose end of the loop to finish off the knots.

*DIFFERENT COLORED STRINGS WERE USED TO HELP CLARIFY STEPS.
DIRECTIONS: Cut two strings 48 inches long. Cut one string 24 inches long.

SUPPLIES:
1. 6MM STRING
two at 48 inches
one at 24 inches
2. CLASP
3. SUPER STICKY TAPE
4. SCISSORS

Take one of the 48 inch strings and fold in half. Then thread it through the clasp.

Pull tight to secure.

Take the clasp to a hard, flat surface.

Thread the tails through the loop.

Repeat securing the remaining strings. The shorter string should be between the two longer strings.

Take the outer strings and separate from the others.

Push up and secure knot at the top of clasp.

Take the right string and overlap the center strings.

Push up and secure the knot.

Repeat to make ten knots on each side for 20 knots total.

Make a loop from one of the long string tails so the end of it sticks up.

Wrap the left string around the loop three times.

Thread the end of the left string through the loop.

Pull the loose end of the loop to finish off the knots.

Clip the loop end and lower loose ends.

Then loop under the center strings and over itself.

Then loop under the center strings and over itself.

Then loop under the center strings and over itself.

Then loop under the center strings and over itself.

Thread the tails through the loop.

Then loop under the center strings and over itself.

Then loop under the center strings and over itself.
**SUPPLIES:**
- one at 24 inches
- six at 12 inches

**DIRECTIONS:** Cut six strings 12 inches long. Cut one string 24 inches long.

1. **6MM STRING**
   - Six 12-inch strings
   - One 24-inch string

2. **CLASP**
   - Thread the six, 12 inch strings through the clasp.
   - Use the long string and make a loop with the end sticking up.
   - Tightly wrap the long end around the six folded strings 10 times.

3. **SCISSORS**
   - Pull the loose end of the loop to finish off the knots.
   - Make sure the knot is hidden under the wrapped strings.
   - Trim the top thread.
   - Trim the bottom to desired length.
   - Fluff with fingers or a brush.
