

# BANNERS

Use these paper banners to create a fun party garland.  
Decorate your party space with them.

## SUPPLIES:

- Banner cutouts
- Yarn or string
- Glue

## DIRECTIONS:

Cut a string to your desired length for the final garland, ensuring there's enough extra length for hanging. Cut out as many banners as you want, and evenly position them on the string by folding at the solid white line. Wrap the fold around the string, and secure it in place with glue.
