

Your Christmas Scavenger Hunt

BY JULIA SPRINGMAN

Have you been busy shopping for Christmas gifts or the perfect holiday outfit? Take a break for a scavenger hunt! See how many items you and your friends can check off this list. But beware! You may need to get creative to find some—such as a snow angel if you live in Florida, Arizona or Auckland, New Zealand.

Take a photo or video clip of each item you find. Give yourself extra points if at least one friend or family member appears with you in each photo or video.
