AROUND THE WORLD!

ADVENTURES IN ODYSSEY
has been impacting millions of families
worldwide for over 30 years.

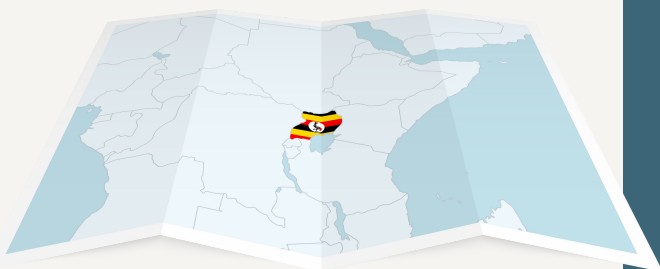

**DID YOU KNOW ADVENTURES IN
ODYSSEY HAS BEEN TRANSLATED IN**

18 languages?

From Arabic to Thai, families across the globe are being drawn into the world of Whit's End—and encountering truth in powerful ways.

IN THE HEART OF AFRICA,

the colorful, truth-bound kid's program reached one hurting Ugandan woman. While attending a conference for pregnancy help ministries, this woman shared the story of how her life was forever changed by *Adventures in Odyssey*.

***Once a child bride abused and then
sold at age 12, she found hope through
listening to AIO.***

Today, she runs a ministry rescuing young girls in Uganda and is working with the national government to outlaw child marriage. She thanked Focus on the Family for helping transform her life-and countless others—through this beloved program.

In Poland and Albania, local partners continue to translate and distribute episodes, using AIO as a bridge to engage kids and families with biblical values in culturally relevant ways.
